## Chapter 1 by Elisabeth Ford

As I crept across the window seal, my owner Sam started to awaken.

I jumped down with swift movement, and climbed on the bed.

My human brought his hand up and scratched behind my ear.

As I softly purred against him, I heard a loud bang down stairs.

I perked my ears up and listened.

Two men, and a women were talking softly downstairs.

Were they here waiting for Sam?

Sam yawned loudly and got up to answer the door.

He threw on a pair of jeans and threw on a grey sweatshirt.

"I'm coming. I'm coming wait a damn minute."

I jumped off of the bed and followed him downstairs.

Sam picked me up and held me in his arms as he opened the door.

A tall man in a trench coat, a short women in a lab coat, and a man in a tuxedo.

I didn't trust them. They smelled fishy, and i'm not just saying that because i'm a cat.

Sam led the way to the front door.

Then pulled the trigger.

Before my human fell dead, the man in the trench coat grabbed me out of his dying arms, and threw me in a cage.

He locked the cage then looked at me and said

"You'll do just fine."

## Chapter 2 by Sam I am

The human with the gun looked at me and smirked. "Come here kitty. I won't kill you. I just needed your human." He picked up my cage and looked at me in the eyes. I hiss loudly at him and get ready for attack. That's when I felt the needle going into my rear. The world as I know it started spinning and going dark. I felt a hair ball coming up and passed out.

## Chapter 3 by PenguinWriter

I awoke in a white room with no doors just a bed. I was cold as if I had no fur I look at my paws but they were human hands and my arms were human arms. "What..." I said instead of going out as a meow I said it in human language. I lift my hands and touch my face it was a human face then a mirror and a desk appeared. I stood up now how did I learn to do that and walk to the mirror. I looked at my face it was my owners face.

## Chapter 4 by ☆☆☆Yui☆☆☆

"huh" I said as I got used to the new body I was in "how am I in my owner?". I pondered this thought as I took in my surroundings. The room was dark and musty with a small mouse hole in the corner. suddenly a small plate of food appeared. as i munched on the food I felt around on the walls hoping to find a switch that opened a hidden door or something like that, sadly after about an hour of searching I found no exit. "whelp" I thought "I guess I'm stuck here".
